- Manual Payment

If you have multiple accounts with us, please select the account which should be debited in the case of the Auto pay option.

In case of Manual Payment, the bill payment should be done manually on presentment of the bills. Please schedule or make this payment one day prior to the due date displayed on the screen. For example, if your bill due date falls on 10-04-2018, the payment date will be shown as 09-04-2018. In this case the payment should be made or scheduled to be paid on or before 06-04-2018 as it takes about 2-3 days for your payments to reflect in the biller's account. We request you to make/schedule payments accordingly.

58. Can I alter my AutoPay instructions once set?

You can alter your AutoPay instructions at any point of time. If you wish to cancel or change a bill scheduled through AutoPay, you may do so for the next pending bill or for all the scheduled bills.

59. Can I schedule my bill payments on a date of my choice?

Pay Later allows you to set payment instructions for a future date. Please note that AutoPay instructions schedule the payment of your bill on the due date of the bill.

It takes about 2-3 days for your payments to reflect in the biller's account. We request you to make/schedule payments accordingly

60. When is my scheduled payment processed?

Your scheduled payment is processed in the evening of the specified scheduled date. The payment is sent to the biller on the next working day.

61. Should the scheduled date be the date on which the payment is actually due?

It is advisable that your scheduled date be at least 3 working days before the due date, since it takes billers a couple of days to update their records with the electronic payment received from NKGSB Bank.

92. Positive Pay

What is Positive Pay System?

RBI has introduced the Positive Pay System to further augment customer safety in case of cheque payments and reduce instances of fraud occurring on account of tampering of cheque leaves. For this process, the issuer of the cheque will be required to submit certain minimum cheque details (such as date, cheque number, amount and payee name) to the drawee (issuing) bank. The details of the cheque will be verified with the presented cheque by Cheque Truncation System (CTS), and any discrepancy will be flagged to the drawee bank and presenting bank for redressal measures.

With reference to the above, you can provide Positive Pay data for the cheques amounting to Rs. 50,000/- and above issued by you (viz. cheque date, 6-digit cheque number, amount, beneficiary name) either by logging NKGSB Mobile Banking Application or Net Banking or by visiting the nearest bank branch on the day the cheque is issued by you or before it is handed over to the beneficiary.

This system is implemented to reduce any cheque frauds of high value as the information provided by the issuer is verified at NPCI whenever the cheque is submitted for clearing.

Kindly contact our branch official to get 'Positive Pay Details Submission form' for filling up the details of the cheques issued.

- Login to Mobile Banking Application with login password
- Go to Positive Pay option which is on dash board
- Fill in the details of the cheque

Please note:

- a. The details are to be provided only for cheques issued manually, on the same day the cheque is issued, or before it is handed over to the beneficiary
- b. Kindly ensure that the cheque details submitted are correct, to keep it from getting rejected or returned
- c. Availing the facility will be at the discretion of the customer. In case the details of manually issued cheques are not provided, existing clearing process will continue without Positive Pay check
- d. Cheques that are compliant with the above process will be accepted under dispute resolution mechanism at the CTS grids i.e. in case the cheque issuance details are not shared with drawee (issuing) bank, the right to raise a complaint under Dispute Redressal Mechanism where an altered cheque is paid from the account will be forfeited
- e. Positive Pay validation will be done only for the cheques for which issuance data has been provided to the bank
- f. Despite Positive Pay details being available, cheque may be returned due to other technical and financial reasons during the scrutiny of the bank
- g. Only those cheques which are compliant with above instructions will be accepted under Bank’s dispute resolution mechanism.
